

# New designed Easy Pitch™ for extra shipping protection

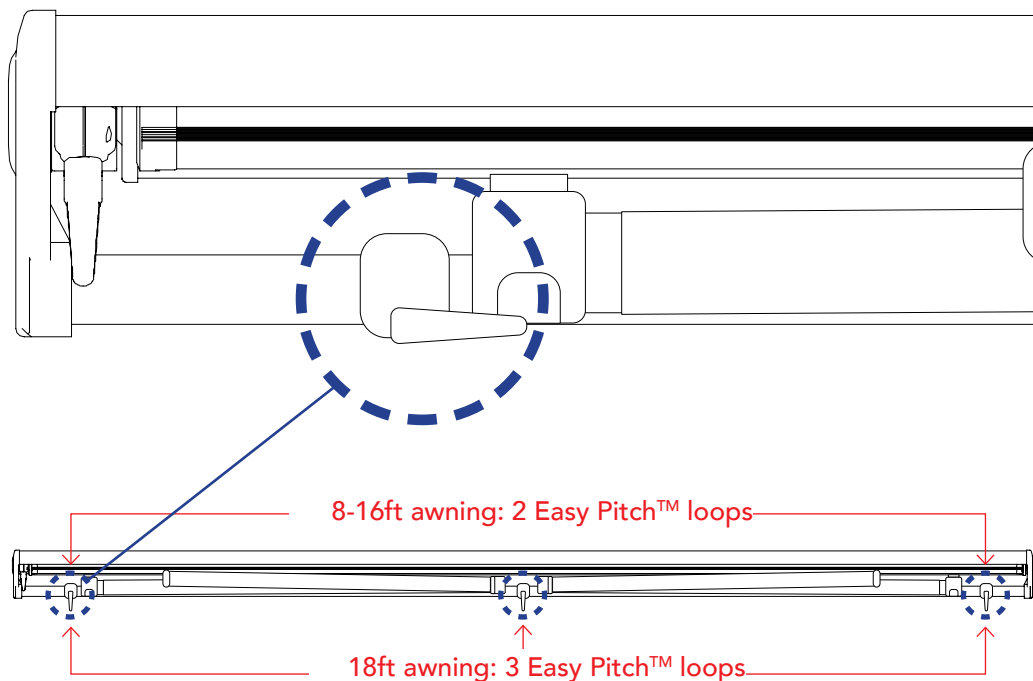

# ADVANING

Advaning Easy Pitch allows you to easily adjust the angular pitch of the awning's front bar for optimal shade coverage with one easy step.

① The articulating loop will lay flat against the awning during shipping.

② The loop will drop into the down position when awning is installed in its upright position.

① Loop will be bent to the side in the box

② Loop will drop into place automatically when it is mounted upright
